The Parker County Chamber of Commerce maintains an up-to-date Chamber membership database on a secure server. The information collected in this database is

for Chamber use only. Membership in the Chamber of Commerce is an implied effort by the member to be known within the membership and the community as a member in good standing who wishes to be contacted for services and/or products. This being said, on the *chamber website*, members contact names, addresses, websites, and emails (if member wishes to be published) are available online in the accessible membership directory. For *printed publications* such as the annual Chamber membership directory, member businesses will be listed with email addresses and websites when available. The Chamber does not provide the entire membership database on CD. It does provide, however, the printed membership directory to non-members free of charge and to non-members for a fee.

Emails

We only use return email addresses to answer the email requests we receive. These email addresses are not added to our databases, nor sold or given to any other parties. Only physical addresses and phone numbers provided by visitors requesting relocation or visitor information may be shared with subscribing chamber member businesses for the purposes of marketing their products/services. Only Chamber members who provide their email addresses for use in the Chamber online database, contact for business or service solicitation from public, or other implied consent for use will be contacted via email. Please see our Email Protection and Privacy Policy for any clarification.
